

ANGELINA JANNY JONES ADVENTURE  
AND THE MYSTERY OF THE MISSING HOGWARTS LAKE SQUID

is episode happens in-between chapters fifteen and sixteen of book three, angelina janny jones in very deep deep trouble

IT was the first day of a new school year at hogwarts , as all the new students had just been place into the school houses of red - blue- yellow- and green , by the hat, and as usual professor dumbledre was saying his speech just before the school feast began, then just as he was to clap his hands to start it , there was the most CLAMOROUS noise was heard up in the roof, as some of the hanging candles of light were displaced by a round white glowing ball at was spinning around so fast it was hard to focus onto it , by any one who was looking at it.

There was the rustle of long sleeves as wands were pulled out, as some of the older students stood up to do the seam thing, as some began to panic and scream, as the spinning ball began to slowdown .

IT „was then at professor dumbledre held up his hands , BE AT PACE, and put down your wands, I know who is this, as the white ball came to a stop, as a mouth and eyes appeared as the ball stop right in front of him.

I GAVE YOU GOOD DAY PROFESSOR DUMBLEDDRE, I HOPE I FIND YOU WELL IS DAY as a slow voice came out of it.

A pleasant surprise, lord azrell, the lord of time, as then two every-bodys amazement he actually bowed to it, is this a unexpected pleasure, as he stood upright , in what manner can I help you is day.

IT IS I CAN HELP YOU, IN YOUR TIME OF NEED, AS I HAVE GOT SOMEONE WHO CAN HELP YOU TO FIND YOUR SQUID AT HAS GONE MISSING FORM YOUR DARK LAKE, AS IS ONE HAS SOME QUITE USEFUL ABILITYS FOR TO YOU TO USE IN YOUR ONN TIME, BUT BE SO CAREFULL WITH IS ONE , AS SHE CAN BE SOMEWHAT OF A SPITFIRE AT TIMES,, AH ..AH.. as it did a deep laugh, as it began to spin again as out of it,s bottom fell a girl, as it spin up into the roof and vanished .

The girl gave out a yell as she hit the ground , aaww, you crazy mad time elemental you at hurt my ass as she flung up her arm at it, to the laughter of all the boys and shrieks form the girls.

As the girl got to her feet, she saw to her amazement fore long tables at had perhaps had hundreds or more of boys and girls all in dark robes at where sat down, and all looking at her o. m g, she said, as a loud noise (HUM,,HUM came form behind her, where a she spin round to see all the professors , some tall, some fat, some dark, one small, and one vary big, all in wizard robes, all in different colours, with wands in they hands,

HO,, no more bloody wizards, was the cry, out of her mouth.

Do come to me girl as the professor held out his hand, do not be afraid you will come to no harm here is day, as you will be quite safe at is school for young wizards and witches .

A school for what, as she took hold of his hand, a school for wizards, just where has at mad crazy elemental damped two now, she ask him.

You are at hogwarts school girl, a school in what is called britain, in the north , in fact scotland two be perversity , and just why did you cry out, ho no bloody wizards,

AH !.. well you see I had some bad experience with one called the marlin who tried to used me to get into the fay realm in avalon, so you see I do not trust wizards at all.

Ho,, and just then was is then girl, as dumbledore as he cross his arms.

Ho, in the year 450ad, I got sent by at mad sword excalibur who I had to carry for a men called tam-lin who was in-tomb in one of the trees of life at the time I met him, who sent me on a quest to stop one of the norms, and as I jumped into the well of time to get back to my home, at bloody sword flashed its name right in front of my eyes, and I ended up in 450ad in cornwell of all places.

It was then at the women all in green came up to the girl look professor is girl have get fish-gills how is it at she can breathe air and talk to us at the same time, as she held the girls chin and not die on the us.

Ah!.. well you see I was give the gills by a marid queen called the great padisha as I had to help her get rid some sea-hags at where in her dead house as she called it, so I can to both, at is breathe air and underwater at the same time, as the woman pulled back, as the men at was all in black came up to her .

Professor is girl can not be hear, look as she is a muggle, as the professor said,

Huh,, what in gods name is a muggle.

Girl a muggle is men or women or boy or girl, at can not do any kind of magic at all , I,e. A muggle.

Ho,, I can do as you say magic, as she put hand inside her scarlet blazer to pull out a very small blue book at began to do some sparks out of it, Hay,, at not done at before , (aaooo,) as she drop it to the ground where it began to enlarge to a bigger blue book at had blue glowing runes all-over it.

Well,, well.. well.. it is the book of water magic , as it rose up into the air and to the hands of professor dumbledre , how it as book come into your hands then girl, please do tell me.

A well you see I was given it by her librarian who happen to be a big insect of some kind, into my save keeping form a bad wizard who had a black rod of beguiling at made all the creatures to obey him at he saw then I was at the bottoms deep, some time ago.

You say at you saw a bad wizard girl, then was is and what did look like.

Ho he had a long black rob on, and his face was all black and white with at black rod, as I said in the bottoms deep.

And just where is as you say the bottoms deep then girl.

AH,, sorry at I do not now, as at queen mab of the unseelie court said I had to go into the bottoms deep to give back a air elemental to some one, but I do not know how two get back there, not at I wish to mind you.

You know queen mab, how is this possible and the wizard merlin , so it would seam you have been time-traveller then, was it with lord azrell at you travelled then girl.

Ho,, god no, at crazy time-elemental pick me up then I was at the bottom of the north sea, as I was doing a task fore one of the gods of at sea at the time, then he pulled me up and made me put at sword of kings in the stone of london, it was then at it dropped me on to you so to speak.

Ho,, and what god was at, I mite say.

A well you see I had to find the horn of valhalla at had been taken by lord azrell, as it said it was two powerful for the mad gods to use, his words not mine, and it was the goddess r,un who made me go to find it in the first place, as she did not wont to tell her husband the god Ogir.

So you see at is why I am still all bloody damp and some what cold, as I was at the bottom of the north sea trying to find at mad horn fore her, as she got one of her girls to show me the way two find it, which was not to nice at all, because I was also honoured by all the dead at she had drowned.

The north sea girl, where was this.

Sorry, I think as just of norway , but I can not be shore just where I was, as the all- father dropped me off by the sea-shore to wait fore a boat to take me to run's underwater land.

Be is time all the wizards had all there heads together, talking, and looking at her, then back talking, as the girl heard some word beginning with a, at she did not understand till professor dumbledre turn to her, girl you are to attend is school to lord azrells wishfulness is day ,till he- or- it comes back fore you, so do please sat down on to is seat.

Ho,, aright , as the girl sat down, as the woman in green put a rumped old hat on two her head.

WELL, WELL, WELL WHAT DO WE HAVE HEAR THEN, YOU ARE MOST INTERESTING THING I HAVE SEEN ALL DAY, AND AT IS SAYING A LOT, KNOW WHAT HOUSE CAN I PUT YOU IN ,AS YOU CAN BE SO STUBBORN IN YOUR VIEWS OF THE WORLD, AS I DO KNOW AT YOU HAVE SEEN THE MOST TREMENDOUS EVIL THINGS AT POSSIBLLITY SEND MOST WIZARDS AND WITCHS RUNNING FORE COVER , AND AT DOS MAKE YOU A GOOD CANDIDATE TO BE SO BRAZEN TO FACE THIS TASK SO BRAVELY SEAT BY LORD AZRELL, TO FIND THE SQUID FORE PROFESSOR DUMBLEDRÉ.

SO I PUT YOU IN HOUSE GRYFFINDOR.

Who,, as one of the tables at was all in red uniforms began to cheer in a vary loud noise, as the hat was removed, stand up girl and go to at table, Ho,, your tie, at has not gone to the right colour, at's not happen before, dumbledre look at is; how this at all possible.

Well,, well girl you are so full of surprise's , so you had better come with me now, as is wizard turn to all the fore tables, let the feat began , as he clapped his hands , as lots of food appeared on all fore tables, as the feat began , come girl as he head the girls hand and led her out- through a side door , and up a long corridor, round a corner at led up to a vary big stone idol, where he stopped and put up his hand and said lemon drops, and with at this stone gargoye hopped two one side , at led to a stone staircase at

began to move in a circular motion , do come with me girl.

ANGELINA POV.

Well what have I landed in now, as I follow is wizard up the stone-case at led into a big room at had lots off miscellaneous oddments and odds and ends, wow ,, was the only word for it, as I look about me. Till I saw what can only be a phoenix,, as I turn to the professor, at. is--.

Yes girl at is a phoenix, he is a gift form the fire temple of heliopolis, as he can be reborn after three days, now please do sat down and do tell me just why at you are here, the truth is you would please.

Ho,, all right , a am angelina janny jones 34 duntant road swansea wales, and as I am here because I was pulled down to the viking underworld by one of the norns , then I was send on a task to stop the norn by tam-lin who was entombed in to the tree of life, where I had two swim fore three days just to get to the norn, and then I jumped into the well of time with at mad sword excalibur at sent me to the dark-ages in 450ad, were I met at mad wizard mirlin at used me to get into the world- seen by mortal men at glastonbury in somerset then I,,.

Sorry did you say the wizard mirlin. And did you just say excalibur.

Yes I did please,, can I set down, as I have had a bad day so far, and I am still all wet and damp, as I could do with a good hot bath, if at could be arranged please , as i set down in the only chair at I could see.

Well is this a turn-up is day, now hold stall girl I will dry at unusual school uniform at you have on, as he pulled out of his robe a wand and said some wards at me, as hot wind hit me in the face, as I swung my arms wide to get the full benefit of is spell, and in no-time I was as warm as toast fore the first time in ages , I think you, I said as got up to pull my now dry uniform down into some kind of organized order, as I pulled my hair tie and skirt and my blazer straight.

Now then girl , can you tall me just why you are here, as there is more to is then the lake squid, as lord azrell would not have sent you here is day, so I would take it at you can survive underwater for some time with the gills at you have, but I must warn you of the dangerous things at live in the bottom of at dark-lake, if you have two go down in to the lake, as I can not be responsible fore your safeguard, as you are not of is school.

Ho,, do not worry, I have seen lots of things at live in the water, or as you say the dark lake to last me a life time, but I have all-ways come up on top

somehow.

Will it may be so, girl but the lake is full of things that you have not seen, as the lake is off-bounds to the all the students at this time, as you have just got here it would be useful for you to get to know what you are up against before I let you in the lake, now I would suggest that you as you have just got here from wherever at time elemental brought you from to go to your house dormitory to find a bed for the night, and you had better go into the library-tomorrow to get familiar with what is found down in the lake.

So come back down to the feast with me, you look as if you need it to me, yes please, as the last food I had was with the sea-goddess Ra'n and her nine sea daughter's, under the north sea, of all things, as that was all fish.

The professor look at me so strangely, as I made the way down, girl, you have had dealing with the god's of asgard then, and you are still alive.

Only barely, as I almost got eaten by a sea-hag, kidnapped by a mad sea-troll seen two horrors of dragon's and ice-giant's, need I go on.

Good heaven's no girl, it would seem you have had some adventures, it would seem that Lord Azrells has sent you to us just in-time, A, a funny, as he opened the door-way that led back to the hall, as by now I could hear the sound of food that was being eaten, as my empty stomach—growled as I had lost all the food in me, then a mad time-elemental sent me over the north-sea, as that was not nice at all, as that woman in green robe and wide green hat took my hand, as in her other one she had a long black robe, girl you will need two wares, if you are here to stay, as we walk up to the middle of the long table that was full of boys and girls all in black robes.

As I heard her say, not the first years, nor the middle, but at the back, if you please, as I was then made two seats down by a girl who had made room for me, by a golden haired girl, who then held out her hand to me, welcome to Hogwarts, you did a good entrance, as she did laugh, as you sent all the professors run - a - boat that was so funny to see, well done, as she pushed a bowl of food towards me, and you are, angelian jones I say, two her, and you are, I am Janet Newman that is a nice blazer you have on, was it supposedly two turns black, as it is still all red, ho,, if only I say, but that mad wizard Mirlin put a spell onto my uniform, so that I can not take it off till I get back to my home, as I had to swim, ride, run, and go by boat so-far, as I have been kidnaped by sea-trolls, been chased by sea-hag's and by mad kings who was going to wed me, so you see that I have had bad times so far, as I hope that this place will give me a bit of a rest, as all I got to do is find a missing squid of all things, as the girl's eyes open-up wide, the squid going missing, on wonder that girl that fell overboard was not put back in the boat on the way over the lake.

Why is there a squid in is lake, I ask, as they live out into deep- sea's.

Ho,, a yes as you do not know the first-years have to go by a small-boat to get into the school across the dark-lake, it is a long held believe at then they see the castle for the first time, the event be in they minds for a long-time to come, and yes there is a big squid in the lake, as I have swam in the lake one time then I was push in to see him still in my robes, as it held me up to say hello to me as it put back onto the side of the lake.

You mean to say at is squid some-what friendly, and it is help,s out girl - and boys out of the lake who fall-in , is at right .

Will yes it will, here have some more food.

So it was then I had eaten my full of is nice food, I was the held up by at woman in green who said I had to go with her to find a some where to sleep of the night, as I was led up onto a moving steps and to see a big portrait of a fat mermaid at all in pink who said what is the past-word.

Clam-shell,s said the women in green, as the door open-up, this way girl as you a fortunate at we have a bed spare as marcia goodnight his got the dragon-pox, as she pulled me into a spacious room at was full of girls and boys who were sat in big-armchairs who all stood up as she walk in, as you ware, now all of you, is girl angelina jones , as she has got some vary superior magic in her, so do not piss her off at all, as professor dumbldre has given her the use of all the school-support at you can give her in her stay here if you now of some -effects of water-saving as she have into the dark-lake to find the squid, miss newmen can you see her up to the girls-bed rooms if you please.

As with at she was gone out the door, as I was left with about twenty eyes at was all looking at me, till one girl held out her hand to me, you have got magic in you then , can you give us all a look at what you can do then, ho, all right, as I look into my mine eye to find a spell out of at blue book at the ruling-padisha marid library-holder had gave to me to keep out of the hands of the wizards who was looking of it in the bottomless deep, which was so nice to swim in then I was in the palace of ten thousand pearls, so I chest out my mind the summon forth a light-globe up into the room-roof to the cry of them all.

At was good, as at will light the the room nicely, then we got to do homework said the girl at had been told look out a bed for me, please do come is way , so as I fellow her I look around at all the boys and girls who was looking up at the globe with some wonder.

Hear you go said the girl to me, as I look at a fore-poster-bed at had long-red curtains canopy all around it, well cripes I got to sleep in at, yes said the girl, hey where is all your bags got to then, ho right I have not got some as you say bags with me at is time, ho well I have got a nightdress at will fit you, a no sorry, as I can not take of my uniform till I get back to my home, but thank you all the same, as I got sleep in it.

Her eyes wide, you got to ware at all the time, „merlin,, A, yes at,s him, at who put in spell the spell onto my school uniform, as he said I was not to take it of at any time then I was still in the dark-ages, as I had to ride swim and run in it, which is not nice at all, as I have only manage to get it only once before, when I was on a small island of at big octopus I think.

Ho is at why you are here to find the lake squid then, as we all worried by he/she is missing, as I have been on it,s back before new, so if can find it we I will be most happy if you do.

Hey how big is squid then, ask her.

Ho it,s as big as a whale, and thrice time as long.

WOW,, at long, mind you I had once met a big octopus who was at big, as have a good look at the bed, how do you get in then.

Ha with some difficulty, but you will get used to it in time, so good night .

So it after a long-nice long sleep, till I got hand on my shoulder, time to get up girl, as it time fore some breakfast, get dressed, ho you are, have you slept in at uniform all night , as it was not the same girl at took me in-to the girl-dorms last night , ho hello, I am one bed over, as she held out her hand to me, joney newman , you were sat by my sister at dinner, as you have got the whole school talking, as to who you are, then at thing drop you hear , you had better put a robe for breakfast, as she helped we out, ho the bath-rooms is way, have you not got a night-bag then, as I have got a spear one at you can use.

Thank you I said , as I follow her into a long shower-room, as lots of girls were in and out of them, as I look at the girl, is at hot-water then I ask her , ho good as I can had one in ages, ho my uniform, a, damn it here I go, as I step into one of the showers, as hot water flowed over me, as it was so nice as the last one I had was so long ago, it was , ha , ha, ha, behind me as I turn-round to see all the girls look at me at my now wet hair and my warm but drenched uniform, any-one got any shampoo, I ask, as one bottle was handed to me, so it was the first time, I got my long -hair washed as the

last long time I did was in at yurt of merlin,s and it was so nice to have  
It so hot as I washed the last shampoo out of my hair, a voice said all  
you kids back into your robes know, as I turn-round to see a tall-girl who  
was at a lest eighteen years old, who was In a black blazer and long skirt,  
who look at me, you are the one called angelina, and why are you having a  
shower I at school uniform for , come out at once girl and let me dry you  
of, ho right ho, as I got out she held up a wand, said a word as hot wind  
blow all over me, till I was all dry and warm, good at,s done, please come  
with me if you will, down to my room to have a good talk about what you  
have got to do, as she led me past all the girls in black-ropes, who scamper  
out through the door-way, as she led down some steps and onto one of the  
swinging ramps and into a spacious room at had a long table at had some  
food led-out.

Please set and have a good breakfast in hear, as you have made quit a  
entrance last-night, as all the students are in a bit of wonder as to who  
you are, as she set-down , ho so sorry my name is valerie , head-girl, and I  
have been told to look after you to help you to find the squid, as it can  
be so dangerous to swim in the dark-lake with-out-help, as it is full of nasty  
things at will eat you , or just try to kill you just out of sport.

Ho yes will I have seen some things as bad, I can tell you, as I tuck in  
hot food, what kinds of things do you mine then, as I have seen lots of  
things at have tried to eat me, in the past, „one was a nasty sea-hag and  
her sea-girls, a, yes, and a big octopus at I had to beg not to eat me, so  
what do you mine by things in is dark-lake.

Will namely that is to say ,grindy lows nasty little things, and the mer-people  
who you will have to ask them to swim in there lake-waters, so be thankful  
at I can talk mermish , if we see them at all, and the mermaids.

AH,, have you been ask to help me in is lake then.

Why yes, as I am part-mermaid on my mother side, but with-out- the - tale ,  
so yes I have been asked go with you to find the squid, so if you have  
finished your breakfast we can go and see the professors who will see us of  
who will put some spells on to us to go down into the lake-waters , so with  
at I had to go with her down past all the kids in black-ropes, who looked  
at us, who where on the way to get to the lessons of the day, out through  
some big doors and out into the big grounds of is school to see one big  
lake at stretched out as far as I could see, with a dark-wood on the other  
side at look so evil to me, and as she said there was six professors at was  
stood by the waters-side at was by a long wooden jetty, at all turn-round  
to us as we got to them, is at the girl , ask one , she is not of the school,  
how can is one be of use to us, and look she not in the right uniform .

Yes she can, but it is just a test to see if she can swim without some help at all, said one of the professors, as he turned round to Angelina, can you please swim out as far as the pontoon and back on the surface if you can please, but you had better remove your robe first girl, not Miss Valerie, as we know at you have a talent to go swimming in the lake, any chance you get no today.

Oh, right, just over to the pontoon, as I pulled off the black robe and handed it to Valerie, who said have a good swim, as I will be watching you, to see how you swim in your red uniform, as she folded the robe over her arm, as I got to the lake edge, one of the professors said to me, do you need anything to help you to swim, or any protection from the cold water, as he held out his wand at me, no thank you I say, as I put one shoe into the lake-waters to swing it about, to find a way I could fill the coldness of the water at all, so as I waded in I look back to see at all of the professors had lined up to see me go in, right here I go, as with that I dove in.

To feel that the water was somewhat strange as it flowed through my gills, as I could taste it and that as I surfaced in my heavy now wet uniform I did the breast-stroke as I have found that it was the best way to swim on the surface as stroke after stroke I got to the pontoon in no time at all, as I held onto it, I did a wave to the professors, as I cry out to them, I will have a look down, as I dive down did not here they all say do not, till it was too late, as I sunk down I could see why the lake is called the black-lake as I could not see the bottom at all, as all I could see was green seaweed that was so strange to me I thought that the lake was landlocked, it was then that I saw some small green things begin to swim up to me, „mmm,, time to go as I kick my legs and stroke my arms to get back up to the surface.

As I did I saw at the head-girl on the way down to me, who had a wand out at shoot a stream of bubbles at the green-things that sent all flying back into the green-seaweed, who then turned to hold onto my arm as we swam up to the surface to see all the professors had all gone, as the wet head of the girl said, that is why you can not go down into the lake till you are quite ready to face all that is down there, as we pull ourselves out to dip cold water out of the uniforms that we had on, till with that wand she dried us both of to be nice and warm once more, hey I do need one of them wands, where can I get one, I ask her, as pull on the black robe.

Ah, only then you start school at 11 years old, as that wand is bound to you with your magical ability, and only in a shop in London, that is will be hidden as only magical people can get to it, so no I do not think that you will be able to use one, but then you never know, so come on and have something to eat and drink in the school.

In the school hall the tables were all lay-out with all kinds of food and drink, with boys and girls who all look-up at us as we both walked in, set over there please, as she pointed to the head of the of the table at was flee at the time, as she went of to the professors top-table, were as I set down there was a „pop,, right in front of me as some bowls at was full of food of all kinds with knife and forks in red-napkins on a plate, so all I could do was to tuck- in as after swimming I do get hungry then I do it, were soon after valerie set down by me, and did the same thing, as I ask-her, were dos all is food come form then.

Ah well you see down in the kinchen, are house-elfs who do all the food for all the professors and the kids, sorry house-elfs, what is a house elf then when ist,s at home, ah,, you see house -elfs are old wizards slaves, as some are legally owned by all the wizard family,s in is world, but some are free to do as they wish, as the one,s down in the kinchens, so do not worry about them, do eat up as we, as you have a lesson with one of the professors after dinner.

A lesson, ho good as I have had one for ages as I did not get to my school at all, as I said, I was pulled down into the norns world on my first day back to school, which is why I am still in my school uniform, as I can not take it of as you can see.

Well it looks so nice on you, as do the gills, as we do have in the past some girls at could swim with gills at was nice to have at is school then we had to go down into the dark-lake to find is and it, but then we did have the squid to help us with some tasks so it will be so nice to have it back.

Do you mean to say at you use is squid do things for you then, is it not at dangerous, as I have seen one big in my time at was a lot more bigger but at was a octopus then I last saw it, so now can you not get eaten by it then, ah ,, will you see it was the professor who put it into the lake to help any-one you had fulling in then the first-years row over the dark-lake on the first day of school, so you see at it is use-full to have a big squid in at lake at times, so if you have finish do come with me, down to lesson.

GODS,,, if you say so, but now I have got to go and find it, if I can, but can not is magic school just it conjure it back, if it at use-full as you I say.

Ha,, ha,, no girl, is why we go into is classroom, to find-out, and to tale you how to survive the dark-lake and all the various breasts at live in-it, as there is lots of them down there, as I have seen them all in my time when I had to go for a good swim, come, as she open-up a doorway at let into a big room at had lots of school chairs and tables at was full of kids at was all

talking till I came in.

MY at is the best way to to get the rest of you to keep you all quiet, you new girl please to sat down in the front if you can, so I can have a good look at you and those fish-gills at you have got on, so till me how did you get them, and the web-hands, ho so sorry as I am professor so-rhett at your surface, as I did not now your name , as I not at the hall last-night,

Ah wall my name is angelina jones as was dump here by a mad time thing who said at I could help is school to find is squid , as to my gills I have not had them at long, as I go them of a queen of the bottomless deep some time ago, if you must now, as sat down, the what, the bottomless deep, do till me all-a-boat it if you will, as it could be a good place to find some good seaweed four my school potions, ah,, I say well you can find all the seaweed in the world down there, but you will have to be so careful down there as it can be so full of things at you would not like to see at all.

Ho,,, goody , as he rub his hands together, right you lot listen up as I till you of the hazards of the dark-lake, as he sat down onto his desk , first up is the mermaids who call it home as they can be some-what mischievous to anyone who swims in the lake-waters with-out-there- permission , so do ask first if you must go in, and also there is water-houses at will pull you down into the lake if you are not careful to eat you, they are called keplies, as at is point I put my hand-up, yes girl as the professor turn to me, I have seen them keplies then I was on the back of mr,,shark then I was on my way to see at mad norn, not nice at all I say, ho good then do stand up and till is class all-a-boat them if you would ,

Ho all right, so I did as I told the class as all-a-boat it then I was on the back of mr,shark as he swam into the keplies at was all in green-things at had heads of houses and women as we had to battle are way though the lot of them, as one of the girls said at you were on a back of a shark, yes I said he is the god of all the sharks in all the seas in all lands, and a good friend to me, as he calls me tasty as a joke as he things funny, a well said the professor there is no sharks at I know of in the dark-lake as I think at the mermen would had eat them all by now, so do sat down girl and have is, as he handed me some ink and quill with a parchment to right on, so all all I could do was to try to use is quill to write some thing onto is white parchment which was not to easy at all as what did happen was at I blob the ink all over it as I try to use the quill -tip, which made a big ink- blot onto it, but at last I did get use to it after a bit, as I coped what the professor had wrote on the big blackboard about how to not get eaten by all the things in the dark lake-waters, as I finish it, I had to go to the toilets as is lesson was over, I had to ask the of the girls just were the toilets was in is mad school at had found my self in, as I was told at the nearby toilets was on the third floor, as two girls said would show me the way to them, so of i

went with them, as I did see at both had green house ties.

And after a long walk up some steps to see some thing of a vary dark door at had a big pool of water all over the floor , in there one girl said to me as off they then both run of, well at was nice, as I open-up the door to see a long row to toilets-doors at was all open, as on of them at the back was flowing with lots of water all over the floor, as I then heard the noise of someone who was in lots of sopping, as I walk in I cry out , are you all right , as I got to the last door only to see a girl at was sat onto a open up toilets-sat , but she was flowing on top of the water.

AND WHAT DO YOU WONT THEN GIRL, HAVE YOU NOT SEEN A GHOST BEFORE THEN, SOP,,,SOP,,.

HAY,,,you are a ghost I cry-out, as I began to back-a-way, as I did I could fill at the water was now up to my socks, as it was then at the bottom of my skirt, as I turn-round to run to the door, as it then slid - shut with a big bang as I get to it, it was then at I tried to open it up, but it would not open, as the water then got up to my middle of my blazer, with the school - robes at I had to ware was now all and round me.

NOT TO FAST YOU, I WONT TO SEE YOUR FACE.

As I turn-round only to see is ghost at was floating toward me on-top of the water, I then try to pull out my dagger, only to find at it was not there no--more as it was then at a force of glowing blue light hit me right in my face at sent me flying back down into is cold- toilet-water

SEE HOW YOU LIKE IT GIRL , as is ghost tried to hold me down as if to try to drown me, it was the at is ghost girl said HAY WHY HAVE YOU GOT FISH-GILLS GIRL, AS AT IS NOT FARE TO HAVE THEM.

Get off me you mad ghost, as I sputter, as I try to get toilet-water out of my mouth, as I push of is mad ghost girl to get up, you mad ghost just what are you up-to, as I am not afraid of you at all, as I have seen lots of you before now, so do stop trying to drown me, as is toilet-water was all-round me as I stood up straight, at made the school robes flow around me so at is ghost girl now saw my bright red school blazer, and my tie.

HAY,,, YOU ARE NOT ONE OF THE SCHOOL , BY AT RED BLAZER AND AT BLUE -GARY SKIRT AND BLACK SOCKS, JUST WHO ARE YOU THEN , AND WITH FISH-GILLS, as she then pock at my school striped red and gold tie, at was now flowing up.

No I am not , as I have been sent here to find the school squid, who have gone missing, so there, as I try to push down my now wet skirt, and sap out

some disgusting toilet-water out of my mouth, and say to her, why did you try to drown me then you mad ghost girl.

THE SQUID YOU SAY,,, WHAT,,, BUT I ONLY SAW HIM ONLY LAST WEEK, WHEN THE SCHOOL WAS ON HOLIDAY, SO HOW CAN HE BE MIMMING THEN ,TILL ME AT THEN GIRL ,,,,

At I do not now, as I was put here only to find it, ho,,, did you just say him.

WHY YAS I DID, DID YOU NOT NOW THEN GIRL .

No I did not now at it was a male squid, so do you now where he is then.

NO,,, WHY I DO NOT WERE HE IS , AND IF IT IS YOUR JOB TO FIND HIM, THEN GOOD HUNTING .

As with at she was gone, as if by some magic, as all the water at I was in just vanished, as I fall over on me back a big drag of is wet school robe pulled me down, as I stood up my uniform was all cold and wet again, as I pull-off the robe, as I then shake some water out of my hair, ho,, for a nice warm shower now, as I find at the door was now open, as I walk out only to see the to girls who had said to me at was the only girls toilets in the school, who had both yellow ties on, as they look at me with mouth,s wide-open, then they both run off laughing .

PAAP,, yes sure I get it, as I made my way down to the room at the head-girl had said I could use to strip-off the wet school robe , at I put in her side bath-room, then put a dry one over my wet uniform, as I was still cold form at bath-room water, I found my way up to the shower-rooms, to find at there was no-body in is showers, good as I pulled the dry robe, and still in my wet school-uniform I turn on the hot water tap to get warm , as I walk in A,,, so nice as hot water flowed over my head, as I washed my self off, to get clean once more, as,, then a voice said behind me,,, HA,, good I have find you , and why are you have a shower-in- your school clothes fore then, what,,, as I spun around to see one of the professors at I had not seen as yet, huh,, a you see I can-not take of my uniform as yet, till I get back to my home, you see.

HO,, well at,s all right then , as I have been send to find you, as you are to go down to the dark-lake to find the school squid, and as you are all wet, it will not matter will it, so to please hold my hand, as he then pulled out a wand, as I hold is hand, he said some words as he waved the wand over his hand, as both off us appeared by the side of the lake , right in you go, as with at I was then push right into cold lake-waters, at I find was so deep at I sunk down into the bottom, into green seaweed, at was waving in the

current, will at was not nice at all as I my tie fly out of my wet jumper. Right of I go, as I look-about as to find a way to go, as all I could see was green weeds at was everywhere to be seen, so as I push down my flowing up skirt down, and my school tie back down into my jumper, as it will not stay in some times, as I will so glad just to take it of one day, as I began to push weeds out of my way do swim I was glad at I had got rid of at school-robe, as at would have been so hard to swim in, even I my now wet uniform, as I have had far to mush use of late, as I try to swim over the tall seaweeds which was so hard to do at where all-a-boat me.

As it was then at I felt something at was holding my right shoe, as I turn-round to see the most wicked looking thing at I had seen to date, as it had a small round face, with small arms and legs all with small fins which held onto to my shoe, hay get of you as I try to kick it of, as it held on and tried to bite into my shoe, as it was then at I saw at it was not on his on, as lots more of them swim out of the weeds to get at me, what horrible things, as some of the green-things try to hold onto to my legs, and try to pull me down.

Now as I had been taught by one of the school professors to defend my self against any thing at I mite find in is dark-lake, as I try at spell, hot-bubbles, as out of my hand came the spell at boiled into them all, at made them all full of me, but the only disadvantage at I find is at you do get send flying back-a-way, as I almost hit the surface, with at bubble spell, will at worked as did not stay long to see if I was being followed by them, as I swim like mad above the seaweed so a not to be seen by more of them, but it then at I saw something at was handing right for me in the gloomy waters, at was all in green at had a long-trident in it,s hand, at was all in green with a long tail, big eyes and long hair, at then stop right in front of me, and say.

WHAT DO YOU WHAT HERE LAND DALLIER, WHAT KIND OF PROPOSE DO YOU HAVE WITH THE MERFOLK, as it put it,s long-trident right into my face, hay I say to it, I have to find the school missing squid, as then I can go back to my home, I hope, and have you seen it any-where, as I push the at long-trident out of my face, THE SQUID YOU SAY, A, NO I HAVE NOT SEEN IT FOR SOME TIME, AND WHY HAVE YOU BEEN GIVEING THE TASK THEN LAND DALLIER, AS THE WATERS ARE CLOSED TO THE SCHOOL AT IS TIME.

HO,, I did not at, I am so sorry, but I was giving a task to find at squid, so if I could past by I will be most great-full, if you let me past, by.

A,,, NO LAND DALLIER, BUT IF YOU DO A TASK FOR ME, I WILL LET YOU ON TO FIND THE SQUID, SO WHAT DO YOU SAY.

Ho all right, and what is the task at I have to do for you.

HO ALL YOU HAVE TO DO IS OPEN UP A BIG CAM FOR ME, AS I HAVE SEEN YOU SWAM VARY FIRST EVEN IN THE SCHOOL-ROBES IN WHICH AT SCHOOL MAKE YOU TO ALL WEAR, AS I HAVE SEEN THEM ALL IN BLACK ROBES TRYING TO SWIM IN THEM, WHICH IS SO JUNNY TO SEE, BUT AS YOU HAVE GOT SOME FISH-GILLS , SO IT WOULD SEEN AT YOU CAN DO IT BETTER , EVEN IN THOSE WET RED SCHOOL CLOTHES AT YOU HAVE GOT ON.

A,,, will you see , as I have had to swim in them for some time, as I can not get them off, so please show me is gem of yours, so as this mer-men then swim of , I did my best to keep up with him, as he took me into lots of green seaweed which I had to push to one side, as he just swim into them, till he stop my the biggest cam at I have seen in my life, as I push a big long green seaweed out of my way, is at it, I ask it, YAS AT IS IT, CAN YOU OPEN UP FOR ME, all right I will try, as I kick my legs out of is seaweed to swim over the top to have a good look down to see if any hand - holds on it, as it was all shut up, ,,mmm,, not good, as I try to put my finger into is big cam, as I look up at the merman, what is in side is cam then, I ask it, as I put my school shoes to the bottom to get better grasp, as I try to push down my school skirt at had fly-up about me, ho for some gold rods at I had on my skirt, to keep it down, and my school blazer as to try to fly about me, as I try to use what strength at I had in my right arm, I pull it open at last .

As out came a big cry, as is cam came apart, as I was then thrust away, as I landed on my back in some sea weed, only to see someone fly out, and try to swim away, only to be killed by at mad merman with his long -trident right into it,s back , what was at for, as I swim out of the dark weeds, I yell at him,

AT WAS THE REACTION AT I GET FORM YOUR KIND, AS AT WAS ONE OF MY KIND, AND NOT OF YOU TO BE WORRY ABOUT, AS AT WAS WILL DONE LAND GIRL , SO I NOW GIVE YOU MY LEVE TO GO ON TO YOUR TASK THUROGH MY WATERS, SO GO NOW, as with at it was gone into the dark-sea-weed not to be seen again , I hope, mad thing, and as I kick of out of the weeds, I do not look at the body at all, as I try to swim my why out of his bit of waters, to find is mad school squid.

As I try to hide into some long sea-weeds, as not to be seen by any-thing at would get in my way so it was some time at I could fell at the water here was now more seawater then lock water by the taste, so I must of be out to sea by now, so up I go to have a look-about, as up and up I swam till I hit the surface, just to see at I was out to sea, as I turn-round to see land a good way away, and see the lock-mouth at I must off swam of, now what, as I bob up and down, as I kick my legs to stay up-right, as it was then at I saw

some thing at was moving towards me, at some speed, as I try to tread-water, which not easy then out to sea , so I sunk back under just to see at it was only a big pod- of- killer-whales at was fishing, as one came up to me, to have a look at me, I say to it have you seen a big squid to day, as the big whale let-out a long- loud -noise , as all the killer-whales then was all around me, as the biggest one put his big nose in my face.

HOW CAN YOU SAY WORDS TO US SMALL HUMAN, SPEAK NOW OR BE FISH-FOOD.

At is besides the fact, as I have met your king of all the killer-whales, then I was in companion with the queen of all the sharks, then she had a son of him, as I was the only one at could speak to him, it was then at all the big whales all look -at me in some shock, as the big one, SAID YOU ARE THE ONE WHO IN- BROOKED THE PEACE IN-BETWEEN US AND ALL THE SHARKS, AS AT WAS WELL DONE SMALL HUMAN, AND YES AS WE HAVE SEEN TWO BIG SQUIDS WHO WAS IN LOVE, WAY -WAY-WAY DOWN IN THE SEA -BED.

What do you mean, by a long way then mr, whale.

HO A LONG WAY DOWN AT THE BOTTOM, SO DO BE CARFULL AS THE SQUIDS CAN BE SO ENTANGLED THEN IN LOVE HUMEN GIRL SO BE GOOD TO ALL SEA-LIFE , and as with at, all the whales all swim off into the deep, so all I have got to do is to find them, as of I go to swim over to the deep bit at was so dark , as I look over a sea-shelf , as I knell down onto some weedy stones , and I could not see a thing, down there somewhere as it was so I sill had some spells in my mind of light-globe spell at I had been told to use, so I did, only to see at it sunk down into the dark, ho not good, as I push of the sea -shelf to swim down after it, as down and down I swam, arms out and my legs pushing hard as I can, down into the dark as the light-globe sunk all the way down to the bottom.

AND,,, yes at last to see two big sea squids at was in a big tangle of at can only be long tentacles all over them, as I try to swim down to them, as one of the long tentacles shot right up at me, at held me fast around my body, at then pulled me down to the squids, as a big eye look right at me, YOU CAN NOT BE HERE GIRL , AS I AM HERE TO BE A MOTHER, YOU CAN TELL PROFESSOR DUMBLEDRE , AT I WILL BE BACK THEN I HAVE GOT IT DONE, SO OFF WITH YOU NOW, as it then release me, mush to my relief, as I kick my legs to go back up to the surface, as I did not stay to long with a big squid, at was in love, if you can believe at, as I did not, but then I had to make the best of it, as I thrust my arms to my sides, as I got up to see at I was in a mouth of a river, and to see dry-land, ho good as of I swim to get out of is cold-water.

And to get dry at last , as I did the crawl – stroke as I totally did not mind my wet blazer lapels as it was hitting my chin, in my swim, as I was so used to it by now, as I swim on the surface, till I got the sand-back as I got up to waded out ,as I pushed wet hair out of my eyes, to see as I was up to my thighs, as I pull up my wet skirt up so to walk out better, and to now began to get chilly as the wind was so cold as it cut right through my wet uniform, as I waded out up the sand- back , up to the water edge as it was so full of seaweed as I had to step into it just get through it all, as I was now out of the water, I try to wing cold-water out of my school clothes as I run along the shore-line, and back into some dark woods, as I hope would get me back to school.

As I put my tie back into my wet jumper again, and push my wet hair out to dry in is cold wind, but then it began to rain cold drops on to me, ,hhh, as I could not get very wetter as I was now, I got into the dark wet wood which did not stop the rain at all , I think at the river as go,s back into the lake so it would be best to run on the river bank all the way back to school , as I wish as I still had at school-robe to warm me-up, as I wade my way over to said river bank, only to some kind of boat, as had a big man as was sat down in-it , who had a big black beard who then said hay you girl in at red blazer, please to get in is boat, as I will get you back to hogwarts school.

Who are you, I ask, ho not to worry girl as I am the school caretaker, as he moved the boat over, so as I could get in, right you are, and I thank you, as I got in to sat down, as then the man then pull-out at school-robe to over to me, put is on girl, as you do look so waterlogged to me, as so great-full of warm robe about me, I must of gone to sleep, as when I woke up, I find at I was back at is school , as is big man help me out, me said come girl as you could do with a good cup of tea, as he led me up to small-round hut at only one big door as was sat at one side, as he open it as vary dog bounded out,, down boy, yelled of the big man at the dog, at then did the run off, after after one look at me, come in girl and set down, as put a big kettle on.

Now then girl , I take, it at you the a experienced the school squid, am I right then, and what did it say to you then , as he pulled out a long wand at did then blow hot wind at me, ,,ooh,, as I was all nice and dry once more, I think you I said, as I pull of the robe, to bush down my nice dry uniform, how did you do at spell, as I will have get is school to instruct me on at one , as I stood up, as at would be most useful to me, then I have got to swim once more in my school clothes, ah,, no girl, as you will need a wand to do at, as he gave me a nice hot cup of tea, ,,ah,, well you see I have got a small blue spell book, at I have to keep out of the hands of the mad trolls, at I had to gave at to your headmaster, or as I should say the the professor dumbledre .

You did gave him a book of water spells, well at is good,as at will help till at school squid gets back , ho him will you my have some more of them as I did find it having a bit of a love match with a big squid, then I did find it, out to sea, as at was a bit deep, I said as I sap my hot tea, you said a squid, how big was it then girl, he ask me, ho it was so big, and all white, ho at is good, I would think at he will be back soon, said is man, how the pored more hot tea in my cup, I think you I said , as now I hope at I can get back to my home, at some time, ho and talking of home, I do need to have a word with at headmaster of is school, so I can get back, to at mad time elemental, and out of is mad place.

Well then, as you have finished your tea, come with me, and as you have got warmed up by now, I will help you up to the school , hear have is warm robe, at he then helped into it, as he open up the door, as we both walk up to the school, up to the big doors, which he said a word , as both open-up into darkness, is way girl, as he led me around some bits of armour, and into the hall, as all the lights came-on, as I saw the place at I had fulling down in the first place, as at did not go to will, for my bum, as I was sure for some days afterwards, and into a dark corridor at ah at stone idol, at I had seen before, as he then said, lemon drops , as the idol jump to one side, to reveal all the long steps at led up the the headmaster or in is school a head professor, come he said to me, as we made are way up into the professors room, ah good evening to you grounds man, and I see at you have got at way-would girl with you as well, so I will have to got down to the halls, do come with me girl, as he turn-round to the ground man, I think you, do go back to your home please, as we both move down to the lower halls , and back into the place they the girl had been dropped to the ground , as he put both hands up , with has wand, which he waved to and fro, and said some big words, a he put the ward up into the air, as a small ball of light fly up out of it and it disappeared into thin air.

Now we will have to watch out for him to come, as he is some times always businesslike and efficient in what it can do with the time, so do sat down and have some hot food to eat, ah good I do think at I well do so, as I had a cup of tea so far, as a big plate of hot food made a appearance, so do dig in girl, so I sat down to dig in, as he said, as the hot food did me so good, as I felt some-what better in me, as I wipe the last bit of bread, as I sat back there was a nose up in the air, as a glowing ball of light came spinning around, at landed all-most to the floor, as the time elemental spin to a stop, as it turn-round as a mouth and eyes appear , A lord azrell, the lord of time, I am most gracious, for your help, with the help of is young girl , as she have done the work at you have sent us with as she has seen the squid who is on the way back to us, as he then bowed to it, SO GOOD TO SEE YOU AGAIN PROFESSOR, AS I AM IN A HERRY, I WILL SAY GOOD BYE TO YOU, as the time elemental

then enveloped the girl, who was still sat down, and then vanish, into thin-air, well at was so good , to see at-lest I am glad at I fed at girl, hmmm , I am of to my bed the merlin will at was odd, as the merlin was hear in hogwards, as he was a in slytherin- house.

THE END
